Mid-Atlantic Microbiology	TBD	TBD	mid-September–mid-November	TBD	TBD	TBD TBD	A. Klaus*

<sup>1</sup> Dates for expeditions may be adjusted pending non-IODP activities.

<sup>2</sup> The start date reflects the initial port call day. The vessel will sail when ready.

<sup>3</sup> Transit total is the transit to and from port call and does not include transit between sites.

<sup>4</sup> The USIO contact list includes both the Expedition Project Manager (\*), the primary contact for the expedition, and the Logging Staff Scientist (^). In addition, further expedition information can be obtained at <http://www.iodp-usio.org>.

<sup>5</sup> Wilkes Land includes operations at Adelie Drift (638 APL)

<sup>6</sup> Maintenance period will be in Victoria (~13 April–5 July)

## 1 February 2010
